#### Summary:

The Random Darknet Shopper is an live Mail Art piece and automated online shopping bot which is provided a weekly budget of \$100 in Bitcoins which the bot goes shopping with in the deep web where it randomly chooses and purchases one item and has it mailed directly to an exhibition space.

Once the items arrive they are unpacked and displayed, each new object adding to a landscape of traded goods from the Darknet.

In its first run from October 2014 - January 2015, Random Darknet Shopper bought 12 items from the deepweb market Agora, which were displayed at Kunst Halle St. Gallen in the exhibition «The Darknet - From Memes to Onionland».
